## DANVILLE.

The ladies of the Baptist church gave a musicale at the home Mrs. Annie Harlan Thursday night.

The young men of Danville gave an impromptu dance last night at Mrs. Mary W. Bowman's.

The will of the late A. B. Pope was probated in the county court and his brother, G. R. Pope, appointed as administrator.

Mr. C. L. Riddle, of Parkersburg, bought of B. G. Fox a mare for \$200. G. N. Goss from Robert Tarkington a roadster for \$125.

A picnic party went to the river Wednesday afternoon, chaperoned by Mr. and Mrs. Charles P. Cecil. It was given in honor of Miss Phillips, of Atlanta.

Miss Virginia Bowman entertained at 5 o'clock tea Wednesday afternoon in honor of Misses Jane Todd Watson, Mary Patterson, Annie Hoffman, Eva Prewitt, of Lexington, and Mary Reid, of Stanford.

Mr. J. S. Hocker and wife, of Stanford, were in Danville Tuesday. Miss Marie-Louise McMurry, of Louisville, is visiting friends in this city. Mr. G. H. Bruce is at present traveling through Pennsylvania in the interest of his house, and will go from there to Michigan. Miss Bessie Dunlap will spend the month of August at White Sulphur Springs, Va. Gov. and Mrs. J. Proctor Knott have returned from Lebanon. Dr. R. R. Sutherland and wife and their popular daughter, Miss Rossie, leave this week for Knoxville, he having accepted a call to his former church. Messrs. Scott Gore and W. Vernon Richardson are attending the Beta Theta Pi Convention at Cincinnati. Mr. Tip Bruce has gone to Detroit to attend the trials. Mrs. Hugh Ross Adams, who has been visiting Mrs. R. T. Lowndes at Clarksville, W. Va., has returned to spend the remainder of the summer with her mother, Mrs. Mattie McDowell. Mrs. J. S. Gashwiler and daughter are at Green Lake, Wis.

## LANCASTER.

Mr. Joseph H. Arnold has been very sick of heart trouble, but is reported better at this writing.

Judge Joe Robinson entertained his many friends with a sumptuous dining on Tuesday. Mrs. A. S. Price entertained at a 11 o'clock breakfast Tuesday.

The city council has ordered the laying of about 5,000 feet of brick pavement, which will be a vast improvement. They have also increased the police force by the addition of Messrs. Joe Petty and Wm. George as night patrolmen.

The hay ride is again growing very popular with the young people and there is scarcely a night that one is not seen. Mr. Robert Davidson and Miss Amy gave one Monday evening in honor of Miss Bessie Turley, of Richmond. Miss Mary Runt also gave one Tuesday evening in honor of Miss Bessie Bullock, of Richmond.

Lancaster has an unsurpassed mail system, and the L. & N. is now running through here mail trains, for which we have been struggling for years; and yet we have no mail on Sunday. We do not know why this is, but suppose it is because of the conscientious scruples of some of our zealous Christians. Sunday mail would involve only a couple of hours labor for Postmaster West, which we are sure he would not mind, and would be lots of satisfaction to the majority of our citizens. Other towns have Sunday mail, why can't we? Our conscientious friends need not get their mail until Monday.

Drs. J. B. Kinnaird and I. S. Wesley attended the Central Kentucky Medical Association at Harrodsburg yesterday. W. L. McFarland, a nephew of Editor Louis Landrum and son of Capt. McFarland, who was wounded at Santiago, is expected here Sunday on a visit. Fred Frisbie is in Frankfort on business. J. W. Miller has gone North on an extended trip. James I. Hamilton and Judge W. E. Walker are in Lexington this week. Dr. Windsor, of Illinois, a son-in-law of Mr. Thompson, Arnold, will come here in September to locate for the practice of medicine. Master John Tanner and Mrs. W. K. Shugars, of McKinney, were here this week. Mrs. J. H. Handibo, of El Paso, Texas, is visiting Mr. T. L. Broadus. Mrs. S. E. Menzies and Miss Ida Menzies, of Donaldsonville, La., are visiting Mr. E. W. Lawless.

COOL WISCONSIN RESORTS.—The Monon Route via Chicago is the proper line. Write E. H. Bacon, D. P. A., Monon Route, Louisville, for pamphlets, rates and time tables for all resorts in Wisconsin, Minnesota and Michigan. Information cheerfully given and services of an agent to meet all parties on arrival of trains at Louisville and Chicago rendered free.

## POLITICAL POINTS.

Pugh, rep., was nominated on the first ballot at Greenup to succeed himself in Congress from the 9th district. The State Board of Election Commissioners by a vote of two to one decided to give the republicans recognition on the county election boards.

A John D. White republican tells us that if the democrats put up no candidate for Congress in the 11th district, his man is as sure to beat Boreling as November comes.

The republicans of the 3rd district have put the Congressional convention off till Sept. 14, when it will meet and nominate a man for Congress if by that time there is any hope of beating John Rhea.

Referring to the fact that the last congressman from Shelby got his ear bit off in a fight with another member, the Glasgow Times says: Incidentally it may be observed that the republican who attempts to take possession of George Gilbert's ear will have both his hands and his mouth full.

This is a sweet set to be sure. A dispatch says that Senator Deboe, Collector Sapp, Postmaster Baker, United States Marshal James, Secretary of State Finley, Auditor Stone, Treasurer Long, Attorney General Taylor and many other leading republicans, have gone to Green River on a 10 days' fishing trip.

A dispatch from Frankfort says that Gov. Bradley will go on the stump this fall to discuss the Goebel bill and State issues, but will have little to say of McKinley's administration. The cable between the Bradley and McKinley administrations was cut during the senatorial contest last year, and has never been restored.

Justice Brewer, of the supreme court, opposes territorial expansion in a strong interview. He holds that we are in duty bound to expel Spain from Cuba and keep her out until a stable government is established and says that we can only hold the other Spanish possessions for a war indemnity as a creditor holds mortgaged real estate.

Gov. Bradley says that the filing of the petition for a rehearing in the State Prison Commission case will not interfere with the transfer of the penitentiary management from republican to democratic regime Aug. 1. It was thought that the old Board of Prison Commissioners had decided to try and hold on, pending a decision on the petition, but this is authoritatively denied.

JUST SO.—Speaking of Gov. McCreary's defeat, the Richmond Clinax says: It is not often that the opportunity for such distinguished service is tendered a people, and to think that every short horse who may hope some day to occupy the seat to which he aspired, joined in the hue and cry to defeat him. The people may forgive and forget those who have deprived them of this distinguished service, but we predict they will hear it some day when it will sound like a death knell.

Hon. James R. Pugh, who is a democrat, retires from the race for the democratic nomination for congress in the 9th since his brother has been nominated by the republicans and says: "He has told me that if I ran it would cause a breach between our families. He further says that should I be nominated he would withdraw from the race. Under such conditions as that I shall resign my ambition hitherto entertained, and sincerely thank my friends over the district for their kind solicitations in my behalf."

Mr. Clarence E. Woods, associate editor of the Clinax, left for Atlanta Saturday to attend the Ninth Grand Chapter of the Sigma Nu Fraternity, of which he has been for four years Grand Recorder and Editor, the most responsible position in the gift of the order. Some idea of the scope of the office he holds may be gained from the fact that he publishes a handsomely illustrated quarterly magazine of 150 pages, keeps the records of 40-odd lodges scattered from Vermont to California, and has charge of the funds of the fraternity, of which the Madison National Bank is the depository, receiving on an average of \$50 per week.—Clinax. We sincerely hope that the order will honor itself by honoring him again, for he has been a most faithful official.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by Craig & Hocker, druggists.

An early Anglo-Saxon custom, strictly followed by newly married couples, was that of drinking diluted honey for days after marriage. From this custom comes the word honeymoon, or honeymoon.

# THE INTERIOR JOURNAL

STANFORD, KY., - JULY 22, 1898

W. P. WALTON.

Democratic Nominee For Congress.  
**HON. G. G. GILBERT,**  
Of Shelby County.

A NAVAL officer, whose name is withheld of course, gives the origin of the trouble between Commodore Sampson and Schley. He says that when they were both young and lieutenants on the same ship, Sampson had some bananas stolen from his room. He accused a sailor of the theft and when he denied it had the surgeon to administer an emetic to make him throw them up. Schley came in about this time and seeing the poor fellow writhing in pain asked the cause. Being told he roundly denounced Sampson as a coward and finally slapped him. Sampson raged considerably, but did not accept Schley's offer to give him any satisfaction he might want. The memory of that affront still rankles in Sampson's bosom and he has done everything in his power to keep Schley down, and in his mean purpose seems to have had the assistance of the navy department and the president. But Schley went down. He is a brave and chivalrous officer, as the incident in his early life indicates, and fate seems to favor him. If the authorities do frown on him. To him and not at all to Sampson is due the destruction of Cervera's fleet, notwithstanding the latter's egotistical dispatch to Washington on the 4th of July. The story of the naval officer may or may not be true, but it seems to express pretty well the character of the man. Another incident illustrative of Schley's magnanimity is given in a dispatch after the demolition of Cervera's fleet. The men were cheering with a "three times three" for him, when he said: "Thank you, boys, but I didn't do it. You are the boys who did it. Let the officers cheer the crew." Every officer joined in hearty cheers. These were repeated when the Commodore shouted: "To the men behind the guns!"

THE president has issued a remarkable State paper to residents of Santiago, in which he tells them that "We come not make war upon the people of Cuba, nor upon any party or faction among them, but to protect them in their homes, employments and personal and religious rights." Municipal authorities will continue to administer the laws under the supervision of a representative of the United States and no property will be destroyed or confiscated unless it be a military necessity. Such taxes as have been enforced heretofore will be continued for the present and all ports actually in our possession will be opened to the commerce of neutral nations as well as our own in articles not contraband of war, upon the payment of the prescribed rates of duty at the time of the importation. The document was cabled to Shafter and now Santiago de Cuba is under the government of this land of the free and the home of the brave.

LAW NOTES for July has a review of President M. H. Smith's testimony before the inter-state commerce commission with reference to passes and other things, which is so full of information of a legal and economic character that the Senate ordered it printed in full. Among other interesting things that the great head of the Louisville & Nashville said in answer to questions was a statement that when a Federal judge asked for a pass he always got it as General Counsel Baxter is of the opinion that it is not well to appear before a judge unless he has a pass if he wants one. Mr. Smith also said that the carriers and people are getting along well and if the government will leave the regulation of railroads to them it would be better for all concerned.

THE meeting of the Confederate Veterans this week in Atlanta is attended by quite a large number of the grand old fellows, but many have crossed over the river since the meeting at Nashville and taken their places with the silent majority. Georgia's capital is in holiday array and everything is being done for those who fought and lost 30 or more years ago. The veterans were welcomed by Gov. Atkinson and then glorious old Gen. Gordon made a soul stirring speech, after a remarkable ovation. A strong effort is being made to have the next meeting at Louisville and it is hoped it will be successful.

It turns out that the fortifications at Santiago were of a very weak nature and could easily have been forced. It also develops that the harbor was but poorly mined and that the batteries only looked formidable from the outside. Gen. Shafter was either very much scared or badly deceived when he sent the dispatch that he could not take the city without reinforcements.

THE pops of the 4th district have nominated Dr. McMullen, of Breckinridge, for congress, but as Col. Crad dock would say, "He has no more chance to win than a man with tallow legs would have in hell."

It is reported that Gen. Miles has been urging the president to let him lead an army of invasion of Spain as soon as he takes Puerto Rico, but at the rate he is going he won't take the latter this year. The army reported to have sailed for there Monday is still with us unless it got off yesterday. Better let us see what the parlor general can do before we lay out further work for him.

SOME of the district papers are engaged in the useless discussion of the probable republican nominee for congress. What boots it who is put up? Gilbert is sure to knock him down, and a wise man will steer clear of such breakers, unless he is simply after the position of postmaster referee.

THERE is more solid and generally correct information of war matters in the "News and Comment" column of the Courier-Journal than in any other publication. The writer of the column is certainly well posted on events and he imparts it in a clear and most readable manner.

THE average Owensboro boy seems to be pretty tough. One of them and his dog fell out of a second story window. The dog was killed. The boy was not even bruised, lighting on his feet like a cat, and walking off without a limp.

## McKINLEY MAD.

SAMPSON'S SLOTHFULNESS THE SUBJECT OF HIS SPLEEN.

SECOND AMERICAN FLEET ARRIVES AT CAVITE.

WASHINGTON, July 21.—The president is provoked with Admiral Sampson for exasperating delay in furnishing convoys and he was peremptorily ordered to proceed to Port Rico. It is announced that when taken we will hold Port Rico forever.

HONG KONG, July 21.—The second fleet of American transports has reached Cavite. Attack on Manila awaits Merritt's arrival.

## WAR TALK.

Santiago is said to be a veritable pest hole and ripe for an awful epidemic.

It is reported that Gen. Garcia, the famous Cuban general, was killed in battle.

A Philadelphia company offers to take the 25,000 prisoners from Santiago to Spain for \$385,000.

Blanco says that Santiago was surrendered without his knowledge. Toral will be tried by court martial.

The New York World says it cost \$123,000,000, 247 lives and 1,404 wounded and missing men, to take Santiago.

The transport Pennsylvania left San Francisco for the Philippines, carrying about 1,800 men under Col. Kesseler.

The actual number of soldiers surrendered by Gen. Toral at Santiago is 22,689, which exceeds in numbers Shafter's entire army.

A foreign steamship line has offered to transport 18,000 prisoners from Santiago to Cadiz for \$125,000, or about \$5 for each prisoner.

Bandmaster John Philip Sousa is to be made an army captain, and will go to Puerto Rico to direct the bands of the Sixth Army corps.

It is now considered as absolutely certain that the First and Third Kentucky troops will go to Porto Rico next week, but the 2nd will remain at Chickamauga.

There was \$4,000 in the safe of Admiral Cervera's ship when she went down. Owing to the rush he didn't have time to work the combination and save the money.

A single shipment from New York to Santiago of 750,000 three-grain quinine pills shows that, while the visible enemy has surrendered, there are others in that locality.—Louisville Times.

Fully 100,000 Nebraskans assembled at Omaha Saturday to witness the final drill of Col. Wm. J. Bryan's regiment before its departure for Jacksonville. Col. Bryan was given a great ovation.

Sylvester Seovel, the newspaper correspondent, is said to have slapped Gen. Shafter, when he ordered him away from participating in the flag raising at Santiago. He was promptly arrested.

Civil order has been restored in Santiago, and the only trouble now is over the food supply. Several vessels are now in the harbor, but have not discharged their cargoes, as the customs regulations had not been fully arranged.

This dispatch sent by McKinley to Shafter, when the commissioners and Toral were parleying, shows more backbone than he was thought to have; Parley no longer. Demand immediate surrender on our terms, or withdraw and storm the city at once.

The three great events of this war—the battle of Manila, the destruction of Cervera's fleet and the surrender of Santiago—occurred on Sunday. Many other of the great battles were fought on Sunday, notable that of Manassas in the beginning of the civil war.

Admiral Cervera is now a prisoner at Annapolis, about 30 miles from Washington, where he used to live as an attaché of the Spanish Legation in the United States. It is said of him that he used to sing and play the guitar, and have a weakness for an American girl.

Under the new orders to Commodore Watson he is to have a fleet which will still further impress Europe with the size and ability of the American navy, a result that may be of importance if any of the Powers are planning to have a say in regard to the terms of peace with Spain.

From dispatches sent in by Shafter, the authorities believe that the yellow fever among the troops is thoroughly under control. Gen. Shafter has cabled asking the immediate dispatch of two immune regiments for garrison duty, in order that the remaining troops may be removed from the zone of infection.

The Spanish Transatlantic company bid \$55 for officers and \$20 for enlisted men, and was awarded the contract to carry Toral's army back to Spain. The company must have enough ships at Santiago within 21 days. The prisoners will return to their native land under the Spanish flag. Bids ran from \$110 per man to these figures.

Capt. Sweeney, of the Lebanon company, has appointed Privates Ashley O. Lillard, of Danville, and Bruce Eldell, of Lebanon, Fifth Sergeant and Corporal of his company, respectively. It will be remembered that last week these gentlemen were reduced from First and Second Sergeants for overstaying their passes at Knoxville.

The dissatisfaction of the Cubans because Santiago was not turned over to them is very pronounced. So much friction has developed that the war department thinks it will be prudent to keep a larger part of Gen. Shafter's army at Santiago than was at first contemplated, both as a precaution against Spanish attack and to hold the Cubans in check.

Porto Rico, to which attention is now directed, is about the size of Rhode Island and Delaware combined. It is highly fertile, and though the climate is very warm, it is more healthful than any of the other West Indian islands. Though not more than one-sixteenth as large as Cuba, its population is nearly one-half as great, a late census giving to Porto Rico about 700,000 inhabitants, the whites slightly predominating over the Negroes.

No fear is felt at Washington as to Germany's attitude in the Philippines, but there is concern over the rebels. The authorities are confident that Rear Admiral Dewey can hold the German fleet in check and it is said Germany has officially declared the actions of the fleet unauthorized. Though Aguinaldo has promised Admiral Dewey not to take Manila until Maj. Gen. Merritt arrives, there is fear that his men may cause trouble and that we may be compelled to fight them.

The total loss of a fleet of first-class modern ships and the surrender of sailors and soldiers to the number of more than 25,000, the accession of secure harbors just at a time when our ships are most likely to need them, the end of the campaign just when the yellow fever commences its ravages, and the great moral effect of these victories upon Spain and throughout the world, render the campaign one of the most splendid and complete, if not unparalleled in history. All glory to God and honor to American arms upon both land and sea.—Louisville Times.

There is one feature of the recent naval victory at Santiago which should not be overlooked in the glamor of that great achievement, viz, the devout example of Capt. J. W. Philip, of the Texas, in lining his men on deck for the purpose of returning thanks to God for granting triumph to the American flag under such remarkable circumstances. When everything was ready on deck Capt. Philip himself led in the brief act of worship. "I want to make public acknowledgement here," said he, "that I believe in God, the Father Almighty. I want you officers and men to lift your hats and from your hearts offer thanks unto God."

G. Russell Rodman, ex-post-master of Frankfort, is dead.

Burglars chloroformed and robbed John D. Gregory at Cloverport.

Miles M. J. Williams has been appointed post-master at Eminence.

The Courier-Journal Job Printing Company has been appointed a bank-stamp printer by the Government.

In Pike county, near Grange Store, Joe Laey shot and instantly killed John R. Harle, a young lawyer of Pochontas, W. Va., over a fee.

Albert Borth, of Hopkins county, lost his entire wheat crop because his hired man dropped a spark from a pipe while smoking in the shade of the wheat stacks.

The Lexington Canning Company contracted with a Chicago firm for 500,000 small tins of the famous Kentucky burgoo. Army officers at Lexington are examining the manufacture of the soup, and a contract for the soldiers will be closed at once. A 3,500 gallon kettle, the largest soup kettle in the country, was put up Saturday.

### Already Drilled.

Mrs. Peque—There seems to be a preference for unmarried men for the army. I don't see why that should be the case.

Henry Peque—Neither do I. Married men might not amount to much for aggressive fighting on their own part, but they would be just the fellows to stand without complaining any number of sieges or constant harassing from the enemy.—N. Y. World.

### A Common Case.

"Has Mr. Quacelus given anything to help the United States along in its war with Spain?"

"In some respects he has been among the most liberal of our moneyed men."

"What has he given?"

"Advice."—Detroit Free Press.

### A Conscientious Jury.

First citizen—If you had any doubt of the guilt of Mrs. Borgia, the alleged poisoner, why did you vote to hang her?

Second Citizen (who was on the jury)—Well, you see, the trial made her so notorious that we knew if we didn't hang her she'd soon be appearing on the stage.—N. Y. Weekly.

### Language of Flowers.

RINGS for the prettiest baby and ugliest man are two that will attract no little attention at the Hustonville fair.

NOT DEAD.—Mr. W. R. Gooch, who reported the death of Miss Brilla Johnson, writes that he was misinformed.

THE privileges of the Hustonville Fair will be sold at Hustonville Saturday afternoon, July 30. W. D. Hocker, Secretary.

SEASONABLE rains have fallen several times this week and the corn is humping itself. The acreage is large and the prospects fine.

LUMBER for the gallows on which George Stephenson will hang is being hauled to the court-house by Dink Farmer. R. G. Jones has the contract to build it.

THEODORE McCREE, who killed Harvey Sanders, also colored, in Lexington, is a Stanford product and was an unusually good darkey up to the time he left here.

THE CYCLONE.—Tanner Bros., the bustling McKinney merchants, have named their store, "The Cyclone" and the way they are knocking prices is a caution. Read their advertisement in another column.

THE Maccabee lodge here has taken on new life and hardy a meeting is held without a new member or so. The lodge now numbers 50 and its clever record keeper, John B. Merriam, is partly due the credit of the new start.

HURT BY A BLAST.—The L. & N. is broadening the cut near the crossing on the Danville pike and a great deal of blasting is being done. Frank Drye, colored, was hurt by the premature explosion of a dynamite cartridge, while at work there Tuesday. His right hand and arm were considerably cut and burned and a portion of the cap was found under the skin in his neck.

THE stockholders of the Cumberland Valley Land Co. met at the First National Bank here Wednesday in annual session and elected the following directors: Vincent Boring, Robert Boyd, J. S. Hocker, James W. Fox, John W. Fox, Jr., J. W. Hayden, J. A. Craft, Forestus Reid and W. P. Walton. The directors then re-elected Judge Boring as president; Dr. R. B. Whitridge, vice president, and J. S. Hocker, secretary.

A BUSY LIFE.—Judge Robert Boyd, of London, who was here Wednesday, has spent a busy life, and hasn't been married either. Beginning with an election as circuit clerk of Laurel in 1856, he was afterwards made county superintendent of schools, then State senator for two terms and finally circuit judge for six years. In the time he ran for congress, was the republican nominee for Lieutenant governor in 1875 and represented the State once and his district once in National conventions. When he was elected clerk in 1856 he tells us that he was \$1,000 in debt and had nothing but a very common suit of clothes on his back. He didn't tell us how much he has now, but those who know say \$100,000 falls far short of the amount. The old gentleman is 64 and is as fond of getting around and turning an honest thousand dollars or so as ever. Asked what is the main enjoyment of his life, he said: "Active business, with the prospect of ample pecuniary reward." While liking the women he had never had the courage to marry one of them, and those who have had too much in that line unite in saying that that's where he has made no mistake. The only mistake we ever heard of him making was that of having the editor of this paper indicted for criminal libel while he was judge, because we would not give the name of an offending correspondent, but as he had the case dismissed at the next term of his court, not much harm resulted and we soon kissed and made up.

READ the advertisement of the State College and write to President James K. Patterson for catalogue, if you are interested.

FOR RENT.—My residence on Lancaster street, well improved. Millinery store for sale, all new goods, fine trade. Mrs. Kate Dudderar.

Wolford's regiment in the civil war and was wounded in the first battle. His wife, who is a sister of Messrs. Jesse P. and George W. Riffe, and two children, Misses Sallie and Mary Eliza, survive. Capt. Jenkins was a clever, honest man and much liked by those who knew his real excellent traits of character.

PLAYING IN LUCK.—Since he left here, Prof. E. L. Grubbs has been elected superintendent of the Junction City Christian Sunday school; vice president of the Christian Endeavor of the Presbyterian church, and president of the Hoyle County S. S. Association, which is to meet in Danville in '99.

Supt. J. W. Rawlings has appointed him one of his county examiners and the trustees of the Shelby City school have chosen him for the fifth time as their teacher and he will begin Monday, Aug. 1st. The Hoyle County Institute meets at Parksville, Monday, 25th.
